I recommend that our library subscribe to the following journal:

American Journal of Mathematics

Editor-in-Chief: Christopher Sogge, *The Johns Hopkins University;* **Editors:** Peter Ozváth, *Columbia University;* Freydoon Shahidi, *Purdue University;* Karen Smith, *University of Michigan;* and Steve Zelditch, *The Johns Hopkins University.*

ISSN: 0002-9327 / E-ISSN: 1080-6377. Published six times a year.

Please visit http://press.jhu.edu/journals for more information.

Important uses of *American Journal of Mathematics* would include:

☐ **REFERENCE:** For current research articles as I find them through citations in related journals or books.

☐ **STUDENT READING:** I plan to scan the contents of new issues regularly to add to my students' reading lists.

☐ **PUBLICATION OUTLET:** My current research requires a publication outlet in this area. I need this journal to keep up to date with its editorial direction and interests.

☐ **PREDICTED BENEFIT FOR LIBRARY:** My evaluation of this journal's content and direction is very high and it is cited and/or indexed heavily. Including this journal in our library will, in my assessment, add to the library's success in fulfilling overall department, faculty, and student needs.

☐ **PERSONAL AFFILIATION & DISSEMINATION:** I regularly receive my own personal copy of the journal and will be recommending articles on a regular basis to students and colleagues. The library's help in providing this material is most appreciated.
