I recommend that our library subscribe to the following journal:

Configurations

A Journal of Literature, Science, and Technology

Editors: T. Hugh Crawford, *Georgia Institute of Technology*; Alan Rauch, *University of North Carolina at Charlotte*; and Laura Dassow Walls, *University of South Carolina*

ISSN: 1063-1801 / E-ISSN: 1080-6520. Published three times a year for the Society for Literature, Science, and Arts (SLSA) in cooperation with the Georgia Institute of Technology.

Please visit <http://press.jhu.edu/journals> for more information.

Important uses of *Configurations* would include:

- ☐ **REFERENCE:** For current research articles as I find them through citations in related journals or books.
- ☐ **STUDENT READING:** I plan to scan the contents of new issues regularly to add to my students' reading lists.
- ☐ **PUBLICATION OUTLET:** My current research requires a publication outlet in this area. I need this journal to keep up to date with its editorial direction and interests.
- ☐ **PREDICTED BENEFIT FOR LIBRARY:** My evaluation of this journal's content and direction is very high and it is cited and/or indexed heavily. Including this journal in our library will, in my assessment, add to the library's success in fulfilling overall department, faculty, and student needs.
- ☐ **PERSONAL AFFILIATION & DISSEMINATION:** I regularly receive my own personal copy of the journal and will be recommending articles on a regular basis to students and colleagues. The library's help in providing this material is most appreciated.
